

*Taya Skorina*

**Ph.D. in Chemical Engineering (Material Science)**

The thesis topic: Structuring of composites based on alkaline silicate solutions (water glasses).

**2011-Present: Arizona State University, USA**

Visitor Scientist (Department of Chemistry and Biochemistry)

**2010 - 2011: NT&I, Zelenograd, Moscow, Russia (NT-MDT GROUP)**

Research-engineer (advanced silicate composites)

**2008- 2011: D. Mendeleev University of Chemical Technology of Russia, Moscow**

Assistant Professor (Department of General Technology of Silicate Materials).
